Title of Project: SETAP 2022-2023

Team number: 4D

Team members: Michael, Nickyyl, chik, Lewis, Justin, Wayne, Udit

Name and Contact Details of Supervisor (if relevant): Claudia Iacob

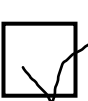

### 1. Invitation

*I/ We would like to invite you to take part in my/our research study. Joining the study is entirely up to you, before you decide I/we would like you to understand why the research is being done and what it would involve for you. I/ one of our team, will go through this information sheet with you, to help you decide whether or not you would like to take part and answer any questions you may have. Please feel free to talk to others about the study if you wish. Do ask if anything is unclear.*

*This study is concerned with The development and evaluation of a new mobile application designed to centralize university news feed specifically tailored for student societies and their members. which is important because the current methods of communication for university societies are often fragmented, leading to missed information, low member engagement, and difficulties in promoting events. We aims to streamline information sharing to improve communication efficiency and enhance student participation in society activities. We are seeking participants who should be current university students who are either active members or committee members of a recognized university society, as they represent the primary users of the proposed app. Participation in the research would require you to attend in person question that take approximately 45 minutes of your time.*

### 2. Consent Form

- I confirm that I have read and understood the information for the above study. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.
- I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason.
- I understand that data collected during this study will be processed in accordance with data protection law.

### 3. I agree to take part in the above study.
